Work Experience

Frontend & Shopify Developer, Byte Digital | Istanbul, Turkey | May 2025 – Present

- Delivered and supported 150+ Shopify stores across store setup, launch, theme customization and ongoing technical support.
- Built custom Liquid themes from scratch for selected brands, with Online Store 2.0 sections, blocks and storefront features tailored to each brand.
- Developed 30+ custom Shopify apps for brands including Godiva and Züber, using Remix, Polaris and the Shopify GraphQL Admin API to meet each client's business requirements.
- Built and published Blog Customizer by Byte Apps, a public Shopify App Store app that lets merchants customize blog pages with custom components.

Freelance Frontend Developer | Apr 2024 – Present

- Delivered 5 client websites end to end with React and Tailwind CSS, from requirements and UI development to deployment, including Viragas.
- Translated client designs into responsive, mobile-first interfaces and handled post-launch updates and fixes.

Frontend Developer Intern, SocialThinks | Jul 2023 – Aug 2023

- Built responsive, mobile-friendly pages and components from scratch with React and Tailwind CSS.
- Improved responsive behavior at both page and component level to enhance usability on mobile and desktop.

Projects

Blog Customizer by Byte Apps | Public Shopify App | App Store

- Visual builder with live preview that lets merchants add product cards, collection cards, highlight banners and FAQ accordions anywhere in a Shopify blog article, with no coding required.
- Product cards pull live store data on page load so they never go out of date; includes per-section styling and bulk article import/export via CSV. Owned development, App Store review and publishing.

Personal Portfolio & Side Projects | Next.js | Portfolio

- Built a personal portfolio site and several side projects with Next.js, React and Tailwind CSS.

Education

Bachelor's Degree, Management Information Systems | Anadolu University | 2023 – Present

Associate Degree, Computer Programming | Tekirdag Namik Kemal University | 2022 – 2024 | GPA: 3.00/4.00
